

Working Easy Company develops and manufactures the highest quality of bags and cases which provide the best protection solutions with innovative carrying systems. WORKING EASY creates durable, protective products for professional Video-Photo OPERATORS. Background: After a long experience as haute couture designer, Trinita' Di Cosimo founded Working Easy in Rome in 1996. In a short while he established himself as one of the most innovative suppliers of cine – photo operators, creating and providing solutions for shooting in all kind of conditions. In Ten years Working Easy has become a brand recognized and appreciated at international level manufacturing and marketing a huge range of custom made durable, protective products to hundreds of clients over Europe, Japan, Middle East. Working Easy Cases, bags, accessories are made using extremely high quality materials as Cordura (waterproof, rip stop, Washable and flame-resistant) and heavy duty weight resistant strap and handles. All products have special reinforcements and double- strength stitching. In addition to their robust and solid construction, our cases are lightweight, easy to carry, and have an attractive, tasteful Italian design! Working Easy offer a lifetime guarantee on all of our products. Each case is tested throughout production to assure protection against shock, impact, dust, rain, grime and sudden temperature changes. Working Easy produce only case for professional camcorders, audio accessories, monitors, mixer, production vests, belt-packs, any item may be custom made. Working Easy products can be purchased directly from Rome office or from exclusive national and international retail stores.
